Celebrating Our Recreation Therapists!

February is National Recreation Therapy month. We're proud to recognize the incredible professionals who make therapeutic recreation possible. Every day, our recreation therapists bring expertise, intention, and compassion to the work of supporting individuals with disabilities.

Recreation Therapists do far more than creating fun, engaging programs—they assess abilities, set individualized goals, and train staff to provide meaningful, person-centered support. They adapt environments, modify tasks, and create opportunities that build confidence, independence, and connection.

Their work reduces isolation, strengthens physical and cognitive skills, and helps participants discover what they enjoy and what they're capable of. The progress we see—social growth, improved movement, emotional resilience, and genuine friendships—reflects their professionalism and dedication.

At WDSRA, our Recreation Therapists are exceptional. Their expertise strengthens our community, and your impact is felt in every smile, every achievement, and every moment of connection.

Wrap With that, all I can do is wrap it up. If you have any questions about anything we talked about here today, please give us a call. We are happy to answer them all! Contact us at 630-681-0962 or check out our website at www.wdsra.com. And please, stay connected with us by following us on Facebook or signing up for our enews.
