JULY IS PARK & RECREATION MONTH

Park & Recreation Month celebrates the power of parks and recreation in building strong, vibrant, and resilient communities. This month is dedicated to recognizing and celebrating the more than 160,000 full-time park and recreation professionals, as well as the countless part-time, seasonal workers, and volunteers who maintain our local, state, and community parks.

Park and recreation professionals play a valuable role in fostering a sense of belonging within their communities. By offering welcoming and inclusive programs, essential services for people of all ages and abilities, and creating safe, accessible spaces, they enable meaningful connections and enrich the lives of everyone they serve.
